Special Arrival Information for Mill Street Tenants

Arrivals by car - Friday 20th September, Saturday 21st September 2019 and Sunday 22nd September 2019 between 11.00am – 4.00pm

Mill Street has a fantastic city centre location, but this does mean it has a small drop-off area only. There are 300 students moving in to Mill Street on this weekend and we wish to ensure everyone can move in with ease.

- **The driver of the vehicle will be required to stay with the vehicle**
- **The driver will be required to move it off the site immediately after dropping off bulky or heavy items.**
- **The waiting time is 15 minutes.**
- **Please do not bring large vans to site or multiple cars and visitors**
- **Take home moving in boxes and rubbish so the waste bins are free for the normal day-to-day operation of the building.**
- **Queuing or parking on Saxton Lane and Mill Street or Flax Lane is strictly not permitted due to Ambulance Station Access. If a member of Unipol staff asks you to move your car, please do so.**

If the drop off point is full and cars are queuing at the entrance to the drop off area, you need to drive to a nearby car park.

You may decide to plan your arrival route to **start off at a nearby carpark** and walk to the building with some belongings and collect your key, so there is no delay. It is less than a 3 minute walk back to the site.

Driving to Quarry Hill Car Park from Mill Street - 6 minutes
